The Cycle Storage Specialists

Cycle-Works Station

Overview

The Cycle-Works Station is an industrial bike pump and tool kit for firms, bike parks and public spaces. This quality product has been designed to provide a vital service for cyclists with minor mechanical problems. The Pump & Tool Kit is fabricated from stainless steel. The strong industrial construction makes it ideal for external areas. The base plate allows fixing onto most hard, flat and level surfaces.

A range of essential tools is included and the dual Presta/Schraeder valve fits all bikes.

The Work Station can be customised for a particular site and is designed to compliment the Cycle-Works Lock2Me stands.

Features & Benefits

- Provides a useful facility for cyclists.
- Stainless steel body
- Strong industrial design.
- Supports the bike to allow easy maintenance.
- Dual Presta/Schraeder valve head.
- Metal mesh woven hose cover.
- Surface mounted with baseplate.
- Integrated tool kit.
- Easily customised to your site.
