

Event Racking

Overview

Cycle-Works Event Racking is the perfect temporary parking solution for sportives, triathlons, festivals, open days, concerts, tours or any outdoor event. The racks are quick and easy to transport, assemble and disassemble, requiring no tools and only one person. The A frames are fabricated from strong and light weight Aluminum box section with precision welding that's almost as good as the bikes they are holding.

The racks are available to hire or buy and at any required length. The sections are 3.2 metres in length and can accommodate 6 to 8 bikes per length. It's also possible to attach promotional material to the end A frame.

Please contact us to talk about your specific requirements.

About Cycle-Works

Cycling is our passion. We believe that cycling is good for people, good for society and good for the environment. This belief underpins everything we do. We believe that the provision of quality facilities will increase the use and acceptance of the bicycle.

All our employees and associates cycle regularly in diverse disciplines such as commuting, touring and long distance audax rides. We are active in both local and national cycle campaigning.
