

Cycle-Works

Scooter Racks - single and two tier

Overview

This simple and sturdy scooter rack encourages children to use their scooters on their way to school, without having to worry about theft and storage issues. It also keeps the area neat and tidy, clearly organising the scooters so they can be quickly and easily collected at the end of the day.

The racks are available in a single tier or double tier arrangement. The two tier rack offers a higher capacity of parking but with almost the same length as the single tier.

Features & Benefits

- Strong steel construction.
- Can be powder coated in a range of RAL colours.
- English design and manufacture.
- No groundworks required.
- Encourages a health lifestyle for students.
- Easily relocated.
- Keeps area neat and tidy.
- Each scooter is lockable.

Two tier

About Cycle-Works

Cycling is our passion. We believe that cycling is good for people, good for society and good for the environment. This belief underpins everything we do. We believe that the provision of quality facilities will increase the use and acceptance of the bicycle.

All our employees and associates cycle regularly in diverse disciplines such as commuting, touring and long distance audax rides. We are active in both local and national cycle campaigning.
