## Case Study:

# Surrey County Council

Cycle-Works has been a preferred supplier of cycle parking equipment to Surrey County Council since 2006. In that time Cycle-Works has installed cycle-parking at around 20 sites including schools, colleges, office buildings and leisure centres.

## The solution

Cycle-Works was able to agree a long-term contract to supply to Surrey County Council, minimising the overhead for each site. Cycle-Works' product range and expertise meant that the very best solution could be delivered for the users at each site.

Cycle-Works has delivered a variety of different cycle parking solutions across Surrey, including shelters, secure compounds, lockers and racks.

*Solent Shelter at the Arena Leisure Centre in Camberley.*

*Cam Shelter at Collingwood School.*

*Cycle-Works installed this 60 bike lockable compound at Glebelands School. The shelter is installed on a concrete base laid by Cycle-Works and includes Rounded-A toastrack stands.*
